III. Open Forum
   i. Pam Anthony, Dean of Students, panthony@iastate.edu
   ii. New dean of students as of August 1st, 2012
   iii. Solicits feedback from graduate students. She wants to hear about the issues/challenges graduate students are facing today and how Dean of Students Office may help
   iv. 14 departments report to Dean of Students Office
      1. our responsibilities include: crisis management, student retention, student recruitment, academic life support, career development, judicial and legal support, and much more
      2. we also offer help to students who face some issues with their professors and feel uncomfortable talking to professor/department directly
   v. Questions/Comments:
      1. Senator Mohd Nor – on behalf of ISU Muslim community raised the concern about praying space. As Muslim students pray five times a day and four of the prayers usually are done on campus, would be possible to request a location where Muslim students could go to pray daily?
         a. Anthony: It is a common issue. I will follow up on this with Multicultural Student Affairs.
         b. Senator Kabala – there a chapel space, maybe it could be used for praying/meditation
      2. Senator Dick-Perez – raised the issue on vacation policy. As of today there is no maternity leave policy and vacation policy is up
to the adviser. The university manual does not specify if graduate
student must work during the holidays.

a. Anthony: University holiday policies should be applicable
to all. If university is closed – no one should work.

3. Senator Anderson – sick policy is unclear, too
   a. President Kleinheksel – University policies are being
currently revised
   b. Senator Pelzer – it is hard to find one policy that is in
accordance to NSF and NIH programs and other granting
institutions as many of them require specified number of
hours of work per week. It further raises the concern to
whom the student needs to report his/her sick days/vacation
days.
   c. Senator Dick-Perez – can this policy be determined by each
department as it can best accommodate the requirements of
granting agencies?
   d. Anthony – I am not sure if this could work department-by-
department or college-by-college

4. Senator Kress-Israel - suggested adding orientation for graduate
students who start school in spring semester. Students who come to
Ames in winter are not aware of many resources that are available
to them.
   a. Senator Beyer – currently graduate students are offered a 2-
day seminar in August. During the first day, students are
introduced to new faculty and learn about university’s
general policies. During the second day, students learn more
about the department.
   b. PAG Chair Stoehr – the orientation for graduate student is
being offered by CELT. It focuses more on new faculty and
teaching assistants. If you are interested in graduate
orientation, talk to Graduate College, your department, or
me.
   c. Senator Woolcock – emailing about this at the beginning of
the semester is a good idea.
   d. Senator Mohd Nor - some departments have no orientation.
In my case I had to take initiative to meet new graduate
students.

5. Senator Gerken – suggested to create Student Success Center for
graduate students. This could provide support to graduate student
regarding student life balance.

6. Senator Mamp – mentioned the issue of adding a minor. The
current policy regarding adding a minor is not clear. Every DOGE
may interpret it differently.
IOWA STATE UNIVERSITY
Graduate & Professional Student Senate

a. Anthony - as the large university, it is important to have something centralized. However, most staff likes to be decentralized sadly.

b. Senator Pritchard – asked if a student satisfaction survey exists. This data could serve as key to student retention. Anthony - it is very important to know about student experience, we cannot satisfy everyone, but it is essential to have this dialogue more frequently

IV. Senate Training Presentation
   a. Presented by Executive Officers
      i. Senator Beyer – are professional dinners covered by the special allocations?
         1. Treasurer Peters – no, professional dinners are not covered
      ii. Senator Hargreaves - what is the process to report meeting notes from the committee meetings?
         1. URLA Chair Tlach – please email your meeting notes and I will report them at the Senate meetings
      iii. Senator Gerken – should we email all meeting notes?
         1. URLA Chair Tlach – please email your meeting notes in the form of short summary to me
      iv. CIO Prisacari - point of information, these slides will be posted on the GPSS website under “Senator Information” tab

V. Remarks and Reports
   a. Report of the President - President Kleinheksel
      i. Fall social: thanks everyone for attending, lots of feedback
      ii. Presidential Installation President Leath’s objectives:
         1. To increase graduate student body by 2000 – let me and/or Vice-President De León know your thoughts. We hear that there is misbalance between PhD students and postdocs in some departments.
         2. Graduate tuition will be going up, yet fees will stay the same
      iii. Every year GPSS sponsors five graduate students to attend a teaching summer workshop through CELT. As the fee of this workshop has gone up, GPSS needs to decide whether we are allocating more money or reducing the number of attending students by one.

**Cultivating Support for Graduate Families**

*Date: April 20th*

*Location: Moore Park*

Cultivating support for graduate families amongst one another is a continuing process. GradSWE will host a networking event to graduate students and their families to allow them to connect once more before the end of the semester. This will provide them with the opportunity to reconnect with other graduate students before they are overtaken with the busyness of the end of the semester.

Note: We understand that hosting this event off campus is not an ideal circumstance, but we feel having a playground and other amenities are key to engage this unique subgroup of ISU.
