c. Report of the Treasurer and Finance Committee - Treasurer Helms

i. No new business to discuss

ii. Allocations: Finance Committee has made their recommendations, heard appeals, and made their Final Recommendations for Fall Allocations. We are proposing that $6608.55 of GPSS funding be administered to the 10 clubs that completed allocation applications this semester. This amount is well within our proposed budget of $16,000. The remainder will be rolled over to Spring Allocations. Note: this amount requested for Fall Allocations is significantly less than the past 3 years. This may be, in part, due to the awkward scheduling of GPSS meetings this year leading to delayed senator sign-up and decreased constituent awareness.

iii. GPSS/GSB Student Fees ratio discussion: we will be sitting down with GSB before the November meeting, when Spencer (GSB President) will be presenting to us. We hope to present a unified and logical front as to why the Student Activity Fee distribution ratio is what it is.

iv. Finances - nothing new to report. So far, so good. Will update Senate with a budget report likely in December, once we receive our Student Activity Fees distribution.
The process to solicit for new a new health care provider for the SSHIP plan has been delayed for various reasons and won’t begin until next year. This means the student insurance plan for FY14-15 will still be provided by Aetna.

2. A summary of how the Affordable Health Care act affects grad students can be found here:

ii. Computational advisory committee
1. In CAC's last meeting, we looked at the state of financial report / student technology fees. We approved the PaperCut related expenditure be covered through the central pool budget instead of ITS having to charge the departments. This is mostly an administrative change. We also discussed ways to collect ISU community's feedback and suggestion for possible projects that could be funded through CAC funds. Finally, College of Engineering wanted approval for studio / lab equipment related expenditure through the college's CAC funds, which was approved. The meeting minutes for October meeting can be found at: http://www.cio.iastate.edu/committees/cac/

iii. Conference Update:
1. The website is being updated. Committee members should expect to see a submission form very soon (possibly this week).

VI. Old Business [NONE]

VII. New Business
   a. Senate Bill F13-03 Fall 2013 Graduate and Professional Student Senate (GPSS) Allocations
      i. Bill read by Senator Rakitan.
      ii. Discussion:
          1. Vice President Tlach: General Allocation funds are not depleted yet. So it is not as if others didn’t get paid and Veterinary Medicine took the money.
          2. Treasurer Helms: 13 applications were submitted. 3 were rejected. The guidelines are a mess and need to be edited. We allocated $16K. Typically Fall allocations come to about 9-10K. Spring is significantly higher. So we roll over the budget to Spring semester.
          3. Senator Zenko: For this cycle, students use guidelines as written. So shouldn't penalize. We are already paying through student fees.
4. Senator Ramezani: Finance committee is trying to modify guidelines. But it is not fair to keep the bill just because we will change.

5. Senator Lois: Vote against it. Bill is discriminatory as most organizations are from Veterinary Medicine. Also the allocations are made on basis of messy guidelines.

8. Senator Lois: With this money we could find 33 PAGs. Why wait to stop wasting money?

9. Senator Rakitan: Clubs must have promised to their speakers. So it’s unfair to deny them funding now.

10. Senator Anderson: Was it broken down in to line items in the past?

11. Vice President Tlach: No, that is for special allocations.

12. Anderson – GPSS should not change current funding based on future changes.

iii. VOTE:
   1. YES : 47
   2. NO : 2
   3. ABSTAIN : 3
   4. PASSED

b. Senate Order F13-04 Nominating Graduate Students to the GSB Senate

   ii. Senator Zenko – Motion to consider as read.
   iii. Motion passed by Unanimous Consent.
   iv. No discussion.
   v. VOTE:
      1. YES : 51
      2. NO :
      3. ABSTAIN : 1
      4. PASSED
