Professional Advancement Grant Procedure

Created November 30, 2009

I. Purpose

Funds for Professional Advancement Grants (PAGs) are provided to graduate and professional students by the Graduate College and the Graduate and Professional Student Senate (GPSS) to help defray travel expenses related to professional meetings and conferences.

II. Funding

a. GPSS will contribute money to the PAG in an amount to be decided by the Finance Committee and Senate each year. The amount will be split into funding for four separate periods: 42% for Fall, 42% for Spring, 8% for Summer 1, and 8% for Summer 2.

b. The Graduate College will also contribute funds according to fund availability.

c. Travel which occurs entirely within one of these periods must be funded only from the funds allocated to that period.

d. Travel which begins in one period and ends in the next may be funded by funds allocated to either period, but the applicant must meet the eligibility requirements of the period from which the funding is coming, including registration as appropriate.

III. Travel Periods

a. The Fall period will begin on the first day of classes of the Fall semester and end on the first day of classes of the Spring Semester.

b. The Spring period will begin on the first day of classes of the spring semester and end on the first day of classes of the Summer semester (Session 1).

c. The first Summer period will begin on the first day of classes of the Summer semester (Session 1) and end on June 30th.

d. The second Summer period will begin on July 1st and end on the first day of classes of the Fall Semester.

e. All of these dates are according to the official ISU academic calendar which is published each year.
