  - Student government senators at large – Eddie Mahoney – [ermahone@iastate.edu](mailto:ermahone@iastate.edu)
    - Hit a lot of bills
    - Overall budget of \$2.8B
      - \$300,000 over budget, but that will be covered by reserve
      - What will be changed next year to make sure this doesn't happen again?
    - Passed new contracts, \$75,000 per year contract to student food pantry
    - Renewed contract with therapy systems online
    - Renewed contract with university lectures program
    - Inauguration happened, turnover of new leaders, president and vice president
    - New speaker and vice speaker elected
  - Student leadership board health and wellness
    - Eligibility for international students depends on work status
      - If you're a full-time employee, unable to work hourly
      - If you're not full-time, you could be
- Unfinished Business
  - None Presented
- New Business
  - **SR S23-02**, Support for the Unionization Effort of Iowa State University Graduate Student Workers by Graduate Student Voices (GSV)

- Bill emailed to senators previously
- General idea is that GPSS has a unique position to voice opinions to students and faculty
  - We can work with grad student voices (GSV) by voicing support for a union
  - Meant to help GSV get off the ground
  - This bill is to cement the position of GPSS on GSV
- Clarifying questions:
  - None
- Debate:
  - Constituents are worried that being in a union will change students' role as employees at Iowa State, and change what they're allowed to do
    - Constituents would be able to vote on this as they want
    - Senators can't share information about GSV beyond sending links to people, under this legislation, GSV would be able to share positive opinions about GSV as a senator
  - Is this bill in favor of a union, or a unionization vote?
    - This bill is supporting GSV in their effort to get to a point to have a unionization vote
  - How would this be any different from University of Iowa's grad student status?
    - Largely very much the same, just a slightly different administration
  - It seems like this bill is supporting a union, rather than supporting voting on a union, changing the bill to specifically supporting voting on a union would be a good move
    - Open to an amendment, but in the event of a union passing a vote, GPSS supporting that union from the start would be beneficial
  - How would GSV work with us?
    - GSV sees us as having separate jobs, but having the same mission of bettering the lives of grad students
    - GSV wants to work with us to accomplish this goal
  - What are three advantages of having a union?
    - A union is in a position to bargain with Iowa State for things like salary
    - Parent union would be able to provide legal help for things like worker's comp
    - Union can also operate on case by case basis at bargaining table, and can help do 1 on 1 negotiations when grad students don't need to worry what happens to a specific department

- We don't current have an arbitrator with would work on the side of grad students, HR currently works to protect the university, not the employee
  - Union doesn't have ability to negotiate health insurance?
    - By Iowa law that is true
    - Can work on safe working conditions
    - Also, by clarifying grad students status, worker's comp becomes much more clear cut
  - What have been pro's and con's of University of Iowa's (UI) union?
    - Not sure, but their union works very well there, based on communications with them
    - UI Students would have problems saying pros and cons of having a union, because it's so embedded in the system that no one really knows what it would be like if one didn't exist
  - Move to amend wording of bill to specify that this bill supports voting on a union (Eddie Mahoney)
    - Motion seconded
      - Debate:
        - This will only get us to a moment of a vote, then we would need another vote to continue supporting GSV
        - This wouldn't disrupt future partnerships with GSV
        - This would still help bring GSV to the forefront
  - Voting to amend first resolve to:
    - Rewording to make it say that GPSS supports the vote for whether or not to unionize, not that GPSS specifically supports unionizing
  - Voting on actual document debate:
  - Motion to close debate
    - Second
  - Motion to adopt resolution with amendment
    - Seconded
    - Adopted with amendment
- **SB S23-02**, Reestablishing the Contracted Position of Senate Leadership: Social Media Chair
  - Legislation sent out to senators
  - Contracted position for social media chair, working with SIO
  - Paid position with stipend of \$100 per semester
  - Voted on next year
  - Questions:

- What channels does GPSS use? Will this position use other ones?
  - Facebook, Twitter, and Instagram
    - Also discord
  - Not planning on expanding further
- What happens if no one fills it?
  - Nothing
- Is this an exec position or contract position?
  - Contract, like the minute taker
- SIO reviews every semester, is this person doing a good job?
  - Debate:
    - None presented
  - Adopt bill to establish social media coordinator?
    - Motion made
    - Seconded
    - Bill adopted
- **SB S23-03**, Adopting the College Chair positions and Created the College Chair Council
  - Bill sent to senators
    - College chairs were contracted positions for one year
    - This was to give time to decide if these should be implemented permanently
    - Keeps current stipend
    - Creation of college chair council, chaired by Senate Engagement Officer, report back to senate exec council
    - Can work to support initiatives that come from college chair council meetings
    - Council of college chairs will make everything run more smoothly
  - Questions:
    - Isn't number 3 of the last enacted clause redundant for someone else's job?
      - Might need to be reworded, but this means that College chairs will monitor their respective senators for compliance
      - College chairs will report senate information to exec team
  - Debate:
    - Sponsors of the bill are current college chairs
    - Enacted clause on line 32
      - Since this college chair position is being voted on by peers, Chair of the council should be a college chair, not a senate engagement officer (SEO)
        - This is intended to give a bridge between the college chairs and the exec team
      - Could this be reworded to make the SEO a ceremonial leader, that has no power?

- It could be amended to say that
  - SEO is a mediator and that's about it. It's just to remove redundant meetings
- SEO should be at college chair council
- SEO shouldn't be chair, chair should be a college chair, SEO should be independent monitor
- Move to amend line 32 to:
  - Changing wording to make it so the college chair council is chaired by a college chair, not the SEO
    - Seconded
    - Debate:
      - There doesn't seem to be a problem with the current wording
      - Problem with current wording, because it seems that the SEO would oversee the council
        - This council should be independent
      - Intent was to make the chair of the council elected within the council
      - The idea of an executive member being a chair of a council that maintains a budget is a problem
      - The council being chaired by a college chair would be better
      - Efrain thinks the SEO should chair for several reasons:
        - By chairing with the SEO, that SEO can do their job of making sure that college chairs do their job
        - College chairs are very new, the SEO can provide direction to them, something that they requested this year
        - All the budget lines approved are assigned to committees, and those are chaired by the SEO
- Senator Mahoney: Chair doesn't vote unless to break a tie
  - Power of voting lies with college chairs
  - Chairing the college chair council doesn't really give that much power, because it's only voting in the event of a tie

- Functions very similarly as other committees currently
  - Why would a co-chair not lose voting power?
    - Because that's the way things work under Robert's rules
  - Motion to amend line 32 to strike SEO chair and replace them with a college chair
    - Voice vote non-determinant
    - Vote by placard
      - Amendment fails
- What is the benefit of college chairs?
  - Much more engaged with Deans that previously
  - Great reception at college level
  - Seen student organization who didn't know what GPSS was express interest in GPSS
  - College of engineering, great response from college
  - Also CALS
  - Main benefit is reach into the administration of the university
  - Very effective at creating a community
  - Helped with communication, questions for exec senators are easy to bring forward
  - Identifying issues is easier
- Motion to adopt bill question raised
  - Motioned
  - Seconded
  - Passed by voice vote
- **SB S23-04**, Establishing an Executive Officer Position and Permanent Standing Committee Dedicated to Graduate and Professional Student Inclusion, Diversity, Equity, and Accessibility (IDEA)
  - Bill sent to senators
    - Needs to be executive position because of the large workload for this person
    - Also gives them a budget line for things they want to do
    - Stu Orgs would have the opportunity to apply for DEI specific related initiatives
      - \$250
    - Centralizing DEI in GPSS
    - In response to potential Iowa State law looking to defund faculty related to DEI
      - Opens funds towards these efforts
  - Clarifying Questions:
    - Can student fees be used to fund this position?

- Yes, because that rule is only applied to employees
- Is there an overseeing organization that this position would work closely with?
  - Ideally this would be connected to VP of DEI on campus, no promises for this
- How does this interact with prior DEI GPSS efforts, and why is this not contracted?
  - Executive team is currently overrun with work, person who has access to budget opens doors to dealing with administration
  - This could be a trial, but an executive position makes it much more likely that someone will run and do a good job in this position
- Would unionization affect this?
  - Not sure, but because this is labeled as a scholarship, and these positions don't fall under employment, they don't think it would matter
- How would student government handle this?
  - Stu gov has had a director of DEI for a long time, as well as a committee
  - Not a paid position, but a budget of \$2500 per year
- What's the benefit of this being separate from stu gov?
  - This position would be able to deal specifically with graduate student issues
- What kind of events does stu gov do with this \$2500 per year budget?
  - Hosting events as DEI committee
    - Town halls
    - Peace talks about different topics
    - Events for people that couldn't go home for holidays
- Floor open for debate:
  - Support for this
    - This works very well for students government, and establishing a position like this for GPSS would work very well
- Call for question
  - Seconded
  - Vote to adopt bill
    - Passes
- **SB S23-05**, Graduate and Professional Student Senate Budget for Fiscal Year 2023
  - Bill sent to senate
  - More funding for executive positions just created

- Increasing money available for PAG grants and various awards
- More social events
- We had a surplus last year, and have had a running surplus for years
  - We're not going to run out of money, and if we don't have enough money come in from fees, surplus will cover it no problem
- What does URLA stand for?
  - University relation and Legislative Affairs committee
- Why is the surplus not moved to the reserve?
  - Reserve is a line item that GPSS is not allowed to touch, unless we are in an absolute crisis
- Open for debate:
  - Call for amendment
    - Line 31 include spelled out URLA
      - Seconded
      - Passed
- Call to question on bill
  - Seconded
  - Vote on amended bill
  - Passed by voice vote
- **SB S23-06**, Amendments to the GPSS By-Laws
  - Bill sent to senators
  - Questions for first section:
    - When will these changes go into effect?
      - Next fiscal year
    - Article 7 Budget, 2.2.1.2
      - Senators at large
        - There are only three, not four
        - We can amend these by-laws, and don't need to worry about the budget we just passed
    - Move to amend article 7 2.2.1.2 to say three senators at large and \$3,600 per year, \$1,200 per year
      - Seconded
      - Amendment passed
  - Debate:
    - How many college chairs are there?
      - Currently, only 6 of the 8 positions are filled
    - No further debate
  - Questions for second section:
    - None
  - Debate:
    - Amendments:
      - Rearrange wording of 1.7 to make it say IDEA
      - 1.9.2, rearrange as well
      - Friendly amendment

- Questions for third section:
      - College chair is both a senator and a college chair?
        - Correct
    - Debate:
      - Move to amend to make it so college chairs report under 1.2.3 under article 4.
        - Seconded
        - Amendment passed
      - Call to question
        - Seconded
        - Legislation passed
