 1. Senator Stoehr – are there any specific areas for boxing? NOT yet, there is a designated sport club area, not open to general public area yet. This will be for that purpose.
 2. Senator Anderson – Is there any family time available? NO, it is a current policy, however there is discussion ongoing about offering family time and opportunities, this situation will be addressed soon.
 3. Senator Russell – there are very few day lockers, how about adding more? THERE is a current purchase quote of additional lockers, looking to add against the west wall, looking to expand, will be added sooner rather than later.
 4. Senator Peters – In Beyer Hall, there is currently only 1 point of access, so when there is any sporting event, there might be congestion? RIGHT now, Beyer hall is mainly an activity center, on days when there is expected congestion like sporting events/swim

IOWA STATE UNIVERSITY

Graduate & Professional Student Senate

- 45 meets; there is provision for opening the other 3 doors so as to ease
46 congestion.
- 47 5. President Smith – fee questions –
- 48 a. Are there any additional charges for rock climbing? THE
49 only extra charge now is for the outdoor trips, also locker
50 charges and some specialty courses, else no charge.
- 51 b. What about the current load in Lied Rec Center? IT is
52 somewhat reduced now, on January night, there were 4200
53 card scans in State gym and 2500 scans in Lied. An eventual
54 balance between the 2 facilities is expected over time.
- 55 c. What is the current wait limits on the machines? TOO early
56 to comment conclusively, however anytime post 4 pm and till
57 11 pm, the State gym is extremely congested, more or less all
58 the machines are being used at a steady pace.
- 59 6. Senator Kresge – what about parking for off campus students? NO
60 idea yet, because of the proximity of various residential area – both
61 on and off campus, there is few parking options available, currently
62 not possible to give specifics on parking.
- 63 7. Senator Russell – currently all the fitness classes are in the later part
64 of the day, nothing in the morning and thus very congested - any
65 thoughts? THE current applied double schedule is based on the
66 experience faced in Lied, plan was to start off the semester with what
67 we knew will work, then continually monitor and assess and make
68 sure to best use the resource. Any feedback on the class schedule is
69 welcome; please send email to Nora Hudson (nhudson@iastate.edu).
- 70 8. Senator Riddle – in the morning hours, the Lied is very busy with
71 community members? NO, outside people are not allowed in Lied,
72 those people are mainly with the ROTC.
73 Any plans to open State gym for ROTC also? NO, as of yet. But will
74 respond to requests by various student groups.
- 75 v. Back to slides
- 76 vi.
- 77 vii. Presentation over, open to 2nd round of questions:
- 78 viii. Questions:
- 79 1. Senator DeLeon – are there any first aid or responders classes being
80 offered currently? NONE yet, but will look into it.
- 81 2. Senator Kleinheksel – He means no disrespect, but on the UBill, all
82 the students get charged the health fees, which can be removed by
83 calling the office – has anyone bought the possibility of some
84 graduate students who are busy and not using the facilities at all to
85 remove the corresponding charges from their Ubills? WHEN the fee
86 was established nearly 20 years ago, it was university wide fees,
87 cannot exactly differentiate, cannot run a piecemeal operation, it is
88 the default nature of required fee, not going to be based on choice.
- 89 a. Treasurer Gross – it is a required fee, cannot opt out of it.
- 90 b. Advisor Michelle – yes, it is mandatory fees, one has to pay.

- 100 3. Senator Zheng – It is very difficult to play badminton indoors
101 because of the very bright and colorful curtains around the court
102 partitioning between different games, any thoughts? HMMM, will
103 changing the shuttle cock color or altering the height of the curtains
104 make any difference – changing the color of the curtain is not an
105 options. The reason for the curtains is to partition the play space
106 between various activities like badminton, basketball etc. and to
107 prevent injuries.

185 thousand dollars.
186
- 187 g. Graduate and GSB Senator Report – Senator Feng
- 188 i. There have already been 3 GSB meetings in the past month; there were very

226 iv. The ad-hoc food committee has tried to be as inclusive as possible,

250 system was implemented, there were volunteers who helped out with

- ii. Currently, GPSS has around \$70k, \$30k of it is in reserve account, and \$40k is sitting accruing no interest. Graduate students entrust us to spend these funds to benefit them, but money just sitting there is not serving their purpose. This bill is not a part of any regular/special allocation. It is a one-time thing to call out proposal ideas to identify what problems exist out there and what student organizations can do something to benefit and improve graduate student experience.
 - iii. There are already some student organizations, they are addressing student needs, this is an opportunity for student organizations to identify certain gaps and help them to fill it up with a startup seed funds.
 - iv. Some might argue that isn't it the departments' job to fill up these gaps? YES, I agree, is the university which is responsible for this, to create the best chance of success, however, resources are limited and priorities do not fill up those gaps. Thus, this proposal idea.
 - v. Some might say that GPSS allocates funds in April 2012, different projects start, after 1 year say, they die out, what then? There is no way one can guarantee that any organization GPSS gives money to will be able to continue forward or not, however the top criterion in the project proposal is sustainability. If any organization asking for funds but cannot argue how their work is going to be sustainable has lasting impact – will not be considered at all.
 - vi. Few years ago, GPSS gave \$30K to ISU library for journals, this was right before the economic crisis, after which the library could not sustain that anymore. We cannot foresee that kind of situation, but if there are good ideas, we should give them a head start.
 - vii. QUESTIONS:
 1. Senator White – Can professional students also apply? YES, they also fall under graduate class classification.
 2. Senator Deleon – there is slight concern with the issue when there are more than 1 proposal per department? IF there are several proposals from a single department, the senator is worried that a disproportionate amount of money would be given to a single department. Right now, in regular allocations also, there is no strict policy against 1 department asking for funds from different groups belonging to the same department. The proposals selected would be based on the merit of the proposal; no judgment would be based on the number of proposals per department.
 3. Comment from Senator Anderson (Co-Author) – Some departments might not have any organizations currently, this might also provide impetus to create graduate student organizations and allow them to apply for funds.
 4. Senator Perez - how did \$40k accumulate? OVER multiple years, roughly 8/10 years.
 5. Senator White – not trying to nitpicky, but there's no Vet Med college group currently under the graduate college heading, since they pay student fees, they should also be able to apply for funding

IOWA STATE UNIVERSITY

Graduate & Professional Student Senate

- 309 through this. CLARIFICATION from Treasurer Gross – they are
310 eligible to apply.
- 311 6. Senator Riddle – how will the committee decide on where the needs
312 are? DOES NOT think it is up to the committees to decide where the
313 “need” is, but instead up to the proposal writers to identify the
314 “need”, then justify their plan and projected student impact.
315 Additionally, sustainability will be a key feature that will be looked
316 for in all proposals, without it, it will be a responsible use of student
317 fee surpluses.
- 318 7. Senator White – proposed a friendly amendment to change all the
319 instances with “graduate students” with “graduate and professional
320 students” – accepted.
- 321 8. Senator Swanson – call to question, 2nded.
- 322 viii. VOTE
- 323 1. Yes – 41
324 2. No – 0
325 3. Abstain – 5
- 326 ix. Order passes as amended.

290 APPENDIX A

291 **The Articles of**
292 **Cooperation**

293 **Between the Iowa State University Government of the Student Body (GSB)**
294 **and the Graduate and Professional Student Senate (GPSS)**

295
296
297 Preamble

298 GSB and GPSS have a special and unique relationship, supported by decades of history,
299 which is different than the relationship between GSB and any other organization. This
300 document has a primary status in the enumeration of the rights and responsibilities of the two
301 governmental bodies, as well as codifying independent legitimate authority.

302 GSB is the only student government organization on campus which represents all
303 students: undergraduate, non-traditional, graduate, and professional. Accordingly, GSB
304 allocates student fees in a manner to benefit the student body as a whole, by funding such
305 entities as the Daily, the Committee on Lectures, and Student Legal Services. GSB is also able
306 to speak to the university administration and outside groups on behalf of the entire student
307 body.

308 GPSS is the independent government body which handles matters of concern to
309 graduate and professional students that fall outside of the scope of the GSB by-laws.
310 Specifically, GPSS confronts issues of professional and academic advancement common to
311 graduate and
312 professional students, such as the funding of travel grants. In addition, GPSS funds graduate
313 and professional student groups which would not be eligible for funding through the GSB
314 student
315 fees allocation process.

316 Beyond its funding responsibilities, GPSS is charged with the representation of
317 graduate and professional student interests in policy-making decisions, both on and off
318 campus. This representation requires that GSB and GPSS consult one another in the
319 deliberation of issues that may affect the two constituencies differently. It is the
320 responsibility of both institutions to establish and maintain communication with one another
321 on such issues.

322 As a result of the organization and responsibilities of GPSS, its role is different than
323 both GSB and a constituency council. Its special status within the overall structure of ISU
324 student governance is one that complements, and is independent of, the governance structures
325 of GSB and enhances the overall representation of student interests at ISU. In the interest of
326 both the GSB and the GPSS, the following Articles of Cooperation shall serve as an outline of
327 procedures for communication, funding, and representation.

328
