- I. Call to order 7:00 P.M.
 - a. Roll Call – 66%
 - b. Statement of Quorum by Speaker
 - c. Approval of the Minutes
 - i. PAG: month change to April
 - ii. MET
 - d. Amendments to the Agenda
 - i. Present Senate Bill S13-05 before Senate Bill S13-04
 - ii. Present Senate Bill S13-06 before Senate Bill S13-05
 - iii. Open Forum before introduction of the new bills and resolutions
- II. Introduction of new bills and resolutions
 - a. Senate Bill S13 – 04 Graduate and Professional Student Senate (GPSS) Budget for Fiscal Year 2014 (2nd read)
- III. Open Forum
 - a. Dr. Ogilvie – Asst. Dean of the Graduate College
 - i. Individual development planning (IDP) – planning tool to be used by each graduate student. It includes: career goals, skills, how to develop concrete plans to move towards career goals students plans to achieve.
 - ii. Data from other universities shows that IDP increases productivity measured by papers published
 - iii. Similar tools are not currently available to all majors
 - iv. Potential benefits: self-reflection, exposure to broad range of careers, opportunities to discuss your goals with your advisor, target explicit parts of your professional development
 - v. myIDP online tool is currently available from Grad College
 - vi. Open Forum:
 1. Does this tool offer job placement track?
 - a. I do not recall
 2. How one can interpret the scores?
 - a. Haven't explored the tool fully, smart goals can be emailed to remind you
 - b. GSB Presidential candidates
 - i. Spencer Hughes (President) and Hilary Kletscher (Vice President)
 1. www.hugheskletscher.com

IOWA STATE UNIVERSITY

Graduate & Professional Student Senate

2. Spencer Hughes – junior in speech communication and political science. Serves on GSB since September 2010. Currently serves as Director of Student Affairs on the GSB Cabinet. Previous experience: Speaker of the Senate and Vice Speaker of the Senate, Chair of the Rules Committee, Vice Chair of the University Affairs, Rules, and Public Relations Committees.
 3. Hilary Kletscher – sophomore in biological systems engineering. Currently serves as a senator representing the College of Engineering.
 4. Main Points:
 - a. Increasing transparency – Twitter/FB/online presence. Before money spent student can see how money is spent
 - b. Executive payments – 3 positions are paid that come from student fees. These payments are expensive, redirect money towards allocations
 - c. GPSS relationships – change the ratio so more money is given to GPSS
- ii. Daniel Rediske (President) and Zach Bauer (Vice President)
1. <http://rediskebauer.com/>
 2. Daniel Rediske – junior in computer science and political science. Serves on GSB since his freshman year. Previous experience: GSB Finance Committee, CyRide Board of Trustees, Ames Metropolitan Planning Organization.
 3. Zach Bauer – sophomore in journalism and political science. Currently serves as a senator for the Inter-Residence Hall Association and as chair of the Public Relations committee.
 4. Main Points:
 - a. GSB is doing ok, can serve better. We are not in touch with the graduate students
 - b. Communication – currently there is a lack of internal/external communication; increase communication between branches
 - c. Projects – strengthening the relationship; GPSS better understands graduate life; we need to strengthen connections; we need a stronger partnership not only between execs, but between whole senate;
- iii. Open Forum
1. What is your take on 50/50 ratio?
 - a. Rediske – I was behind 50/50. I am looking forward to investigate GPSS/GSB ratio in more detail
 - b. Hughes – Hillary supported 60/40. We support and ready to move forward with 60/40 ratio next year
 2. Is there any initiative/plan to collect feedback from all students?

IOWA STATE UNIVERSITY

Graduate & Professional Student Senate

- a. Rediske – I am doing as much as possible within my network; but first we need to resolve our internal communication and establish a closer relationship with GPSS
 - b. Hughes – take advantage of social media; receive feedback from everyone, we need to go to the students
3. There appears some disconnect between GSB and GPSS. GSB seemed to be more focused on numbers rather than how GPSS can benefit graduate students.
 - a. Hughes – I am in favor of eliminating requirements for GSB Senator at large, the only voices that were heard were of undergraduate students during 50/50 ratio discussion
 - b. Rediske – never heard of GSB Senator-at-large eliminating requirements. I agree we need to establish a consistent relationship through minimizing requirements
4. How is graduate 60% is being spent? How are you spending our money without our input?
 - a. Rediske – we need a stronger relationship between two bodies. 90% of student fees goes to allocations; the rest goes to legal services and other campus services.
 - b. Hughes – we need to make it easier for graduate students to be present at GSB meetings so the voice of graduate students is heard when the issues are discussed.
5. Grad student organizations whose mission consistent with an academic department and/or receives funding from an academic department or college cannot be funded by GSB so lots of GPSS constituents are not represented by GSB.
 - a. Rediske – GSB documents are not very transparent;
 - b. Senator Mukherjee – GSB does not fund clubs that are associated with academic research. These policies restrict lots of undergraduates from joining our graduate student organizations
6. Reducing executive scholarships, wouldn't this reduce motivation?
 - a. Rediske – there are a lot of unpaid positions; I suggest to pay only tuition for 2 positions; ½ for VP, the rest of money would go to the general pot for student orgs, events on-campus;
 - b. Hughes –half of the students manage to combine part-time and GSB; student org need more money; we need to put students first. It would also give us more money to fund projects like NextBus. GSB Execs are here in the summer so some stipend for summer would be beneficial. Rather than paying a full scholarship, other options could be proposed such as parking permit at MU.

IOWA STATE UNIVERSITY

Graduate & Professional Student Senate

7. How would you promote GSB-GPSS relationships?
 - a. Rediske – meet together, have a common discussion on the bigger level, not just execs; have presence in GPSS, sit in your meetings, having GSB and GPSS presidents visiting each other’s senate only once a year is not enough
 - b. Hughes - Representation structure is the best to fix it. We need to focus more on how to keep Senators so once-a-week interaction continues
 8. Why not have a separate graduate government? Why GSB should continue representing graduate students?
 - a. Hughes – it is beneficial to have one student body and one president to represent all students; if we improve representation, graduate voice will be included within GSB
 - b. Rediske – maybe this is a route to go; GSB is not solution to everything; I can advocate your ideas but I may not fully understand graduate life. I am open to this discussion
 - iv. Senator Pritchard
 1. Graduate needs and reflections survey - how to enhance graduate experience
 2. Are you satisfied overall with your graduate experience thus far?
 - a. 80% Yes; 20% No
 3. What is a most imperative need that ISU has not sufficiently provided?
 - a. Mentorship program; graduate wellness center, graduate-oriented success center; more funding, better health insurance
- IV. Senate Forum
- a. Vice President De León
 - i. Senator at large – idea of creating a committee of 12 senators who would rotate; falls under jurisdiction of VP so no one senator has to attend all the meeting;
 - ii. Changes to Constitution
 1. Change the time to 7:10pm
 2. Change the senator ratio
 3. Removing the voting rights from the executive officers
 4. Removing one executive position
 5. Paying Senator-at-large
 6. Changing senator attendance policy
 7. Senator representing his/her major vs. department
 8. If interested; please contact Rules Committee to review line by line Constitution/Standing Rules/ Bylaws
 - b. CIO Prisacari
