c. Discussion:

- i. Senator Hershberger: E-Books for 100-200 level courses – how would they impact TAs in that course?
- ii. Senator Rakitan – what specific parking issues would be addressed?
- iii. Hillary – Looking to reduce 24 hour restricted spots in large lots, open parking spaces starting at 5:30 PM, not 5:00.
- iv. URLA Chair Kleinhexel – GSB proposed an increase in student fees for next year, what will they use it for?
- v. Hillary – increased enrollment means higher demand on services provided. Increases in expenses – GSB now covers insurance for student vehicles, increases in costs of services for the big items.
- vi. Kahyree – GSB ended FY2014 with deficit. Student fee will help address some of the causes behind it.
- vii. President Prisacari – What’s your stance on International Student fee increase?
- viii. Kahyree – we’d rather see those services that the fee would provide there and available to students rather than not.
- ix. Hillary – the students said “we want these services without the fee.” We should identify the services that are wanted and build from there. I want to help provide better services, but I don’t want to do that if they’re not willing to pay it.
- x. Senator Lois – (directed toward Kahyree) For clarification, you intend to take Graduate Student fees and pay for text books in undergraduate classes?
- xi. Kahyree – Remember that ~90% of GSB funding is collected from undergraduate students. When we make decisions regarding benefits for the student population we have to take this into account and appeal to the majority of the student population.
- xii. President Prisacari – GSB Senators at Large – we have discussed possibly redefining the role
- xiii. Hillary – Senators at Large have done an exemplary job this year. Excused absences are allowed at the discretion of theVP.
- xiv. Kahyree – service is important, GSB Senators at Large are there to represent Graduate Students on the government of the entire student body.

- iv. Senator Mantilla Perez – How many people do you expect to come to the poster presentations when it is the first item on the agenda?
- v. Senator Lawana – there is a special judging system set up, should make things interesting.
- vi. Senator Mantilla – students will be presenting to other students, there should be an event prior to help draw the interest of students to attend.

 - vii. Allocation Revisions: During budget discussions members of the Finance Committee briefly discussed changes they would like to see to the

IOWA STATE UNIVERSITY

Graduate & Professional Student Senate

Allocations Guidelines. The following changes have been proposed and seemed to have favor from the committee:

1. Reduce the guidelines from 4 pages to a more reasonable number. The current bullet-point format lacks clarity and is frequently more confusing than helpful.
 2. Untie food from the maximum 50% of the event cost requirement. Student groups are put in the position of creating costs for an event just to provide the one element that serves as a good method to attract interest to the event. For example, a group that gets a speaker for free is technically unable to provide food for their event due to food being >50% of the total cost of the event.
- viii. **GPSS/GSB Student Fees ratio discussion:** This committee has met two times. The discussion has so far involved data collection for the committee to begin to establish metrics for determining the ratio.
- ix. **Finances/Budget** – No updates for current FY2014 other than funding for Awards being transferred to PAGs (transfer occurred 2/14/2014).
- x. **FY2015 Budget** – Please see the attached budget prepared as bill S14-05. While there was no Senate discussion of the proposed FY2015 budget, there were two relevant discussions that occurred after its presentation. Finance Committee met, reevaluated the proposed budget, and made significant changes to certain line-items. Please read the new budget proposal and bring your questions and comments to the meeting next Monday.
- xi. Please email me if you have any questions/concerns (GPSSTreasurer@iastate.edu)
