- f) SR-S15-01: Senate Support of the Graduate and Professional Student Research Conference
  - i. Voting: Yes: UC
- g) SB-S15-12:
  - i. Discussion: VP Zenko requests CIO Singh to list the history of the discussion of GPSS representation for the Senate's benefit. Turns out that investigation of *how* Senate seats are allocated led to a discussion of an "improved" way to reflect how students have been represented. Special exceptions for some departments leads to (numerical) over-representations of some departments and some majors, including through a double-counting problem. By switching to major, we count everyone by individual participation rather than in the way that HCI students, for example, are being double-counted.
